Covina Official Bulletin!

The City of Covina has asked us to put this notice in our newsletter as part of the homeland security movement. --Editor

As you may be aware, the City of Covina is in the process of developing a Natural Hazard Mitigation Plan, in order to comply with a federal mandate and ensure that the City continues to be eligible for pre - and post-disaster grants funding though FEMA. Part of the planning process is getting input from community stakeholders. Participation from your group (Rotary) and its members as community stakeholders would be greatly appreciated. Two public meetings have been scheduled to review draft elements of the plan and get public feedback.
Monday, Aug. 16th at 7:00 P.M.
Monday, Sept. 13th at 7:00 P.M.
Community participation in this process is vitally important and we ask for your support.

Calling All RV'ers

Rotary's Recreational Vehicle Fellowship, open to all Rotarians with any type RV, is having an OREGON COAST RALLY Sept. 30 thru Oct 3rd. You're invited to participate and get acquainted with RVF. We'll have lots of fun & fellowship at Kamper's West RV Park at Warrenton, OR. (near Astoria) For details, please go to their website at www.rvfellowshipofrotary.org and click on Future Rallies, or email wagonmasters Marshall Smith mksmith@rio.com or Frank Brodersen frankbro@pacinfo.com.

The President's Gossip Page

Good morning fellow Rotarians! Hope everyone had a good week. This job is keeping me very busy and I am learning something new about Rotary every week. Who said you can't teach an old dog new tricks! In looking through some of the materials that I am still trying to get caught up on, I came upon an interesting thought, and I would like to share it with you.

WHAT MOTIVATES ROTARIANS?

Which of the following items best describes

what motivates you to be an active member of Rotary?

- A) *Fellowship* B) *Service*
 C) *Networking* D) *Recognition from peers and community*

Gives you something to think about! I know it could be a combination of all or a few, but which one comes to your mind 1st? Or maybe it would be interesting for you to put them in order. Some of you that have been in the club a long time may have changed your priorities over the years. I know what motivates me; think about what motivates you!

Don't forget to sign-up for the "Concert in the park" BBQ & fellowship night, Aug. 26th.

See you next week!

— Judy

Today's Program:

Today's speaker will be **Kelly Hayes-Raitt** and her topic will be "Face-to-Face with the Women of Iraq".

Next Week: Craft Talks!!!

Joke of the Week

A funeral service is being held for a woman who has just passed away. At the end of the service the pallbearers are carrying the casket out when they accidentally bump into a wall, jarring the casket.

They hear a faint moan. They open the casket and find that the woman is actually alive! She lives for ten more years, and then finally dies. A ceremony is again held at the same place, and at the end of the ceremony the pallbearers are again carrying out the casket. As they are walking, the husband cries out,

"Watch the wall!"

Moons Over My Hammy

Hugh Ledford has become a local Lunar authority after his article explaining what a Blue Moon is. He provides further evidence of expertise in lunacy with the following definitions:

Full Beaver Moon: This was the time to set beaver traps before the swamps froze over, to ensure a supply of warm winter furs.

Full Buck Moon: July is normally the month when the new antlers of buck deer push out from their foreheads.

(Hugh assures us that there is no implicit relation between the two.)
