## **CSR Headed for the Dump!**

A few weeks ago, we had Dennis Chiappetta from Athens Services speak at our Club. Although he was unfortunately NOT the inventor of the Chia Pet, he has made it possible for

CSR to tour the Materials Recovery Facility (MRF) in Industry. We have set up a tour on September 19th at 6:00pm open to all CSR members & spouses. The facility is responsible for hand sorting through thousands of tons of garbage in

an effort to cash in on your recyclable products. If you want to join us on the tour, see the sign-up sheet or RSVP to Terry.

# The President's Spoke

## Membership is Everybody's Job!

Here's a sad fact. Only 10 to 15% of Rotarians sponsor new members into Rotary. Why is the percentage so low?

It has to do with not asking our friends, co-workers, and business acquaintances. Some are hesitant because the person might ask a question about Rotary they might not be able to answer. Some just think that the proposal and application process is burdensome.

We know that two major reasons people do join Rotary is for fellowship and to give back to their community, therefore club members need to interact and be informative during outside club projects to be most effective.

Given that, we in Covina Sunrise will have an opportunity to do just that during Thunderfest/Bluesapalooza in October. We are sponsoring a booth in the park that is adjacent to the Police station in Downtown Covina. It all happens October 20th, from 1 pm to 8 pm, and I would like volunteers to put in an hour of your time to assist in passing out literature and answer questions about Rotary. Please help out.

We need to amass a portfolio of pictures, info, past event articles, and overall history of our club to make a presentation for the booth, and to make it attractive enough for people to stop and look. I hope I have your support, this is important to the Club. And it's particularly important to me.

Thanks! Have a great week!

— Westerdary

### COMING UP:

## Questionable Joke of the Week

A 90-year old man announces his intention to marry a woman of 30. He is persuaded to have a medical exam first. "Everyone tells me I should get a checkup to see if I'm sexually fit," he says to the doctor. "Okay," says the medic, "let me see your sex organs." So the old guy sticks out his tongue and his middle finger.

## CSR Members Soliciting in the Park:

On Thursday, August 20th, three of our members (Koenn, Skurow and Uptergrove) were seen hanging out in Covina Park, looking for anyone they could entice into a conversa-

tion. Our President had challenged the Noon Club President to see how many from each club would show up for the Rotary Appreciation Night at the park. We won the bet 3-2. The Rotary Booth handed out brochures to several people and our Pres gave a brief speech to the crowd in his acceptance of the honor. The Rotary booth will be brought out again for an appearance at the Thunderfest gala in October and needs volunteers to take a shift in staffing it. Let Wes know if you can help.
